

Q Card

PROJECT MANAGER'S GUIDE TO QUALITY ARCHITECTURAL WOODWORK

Make sure your project complies with the specifications and the Standards with just three easy steps:

1

Order project labels and/or certificates six weeks prior to fabrication at www.awiqcp.org/certify/order.asp
(Inform the QCP office if an inspection will be required.)

2

Collaborate with your project team (engineers, production management and installers.) Make sure they know the specifications and the **Standards**.

3

Schedule the inspection (if required) at www.awiqcp.org/request

In doing so, you ensure your project fulfills the specifications. You obtain the labels and/or certificates of compliance in time, you plan for success by including all the necessary leaders and you communicate to the architect and the general contractor that you are fully prepared to execute and certify this project as per the project documents.

For more information visit www.awiqcp.org or call **800-449-8811** to talk to a Q advisor.

Q Card

ESTIMATOR'S GUIDE TO QUALITY ARCHITECTURAL WOODWORK

Include project certification in your estimate with just three easy steps:

**1**

Confirm The Project

has been registered. If not, register the project at www.awiqcp.org/register

2

Quantify The Cost

of certification in your estimate (1/2% of the contract value or \$500, whichever is greater).

3

Qualify Your Credentials

and submit your Q-qualifications with your bid or proposal. www.awiqcp.org/register/credentialsrequest.asp

For more
information visit
www.awiqcp.org
or call
800-449-8811
to talk to a
Q advisor.

In doing so, you ensure your bid fulfills the project requirements, you verify that your bid includes the certification costs and you communicate to the architect and the general contractor that you are fully prepared to execute and certify this project as per the project documents.
